We wanted to make you aware of some minor changes to your Highmark Blue Shield Medical plan for 2021.

Although a majority of your Medical plan will remain the same for 2021, there are a few plan design changes you should be aware of:

## 1. What's new for 2021?

- Increased in-network deductible to \$4000/\$8000
  - Pennsylvania H.B.PA. will continue to cover the entire cost of the in-network deductible
- Increased out-of-network deductible to \$8000/\$16000
- Specialist copay will change from \$35 to \$40
- Retail Clinic Visits and Virtual Visits copay will change from \$35 to \$40
- Physical, Speech, Occupational and Spinal Manipulation therapy copays will change from \$35 to \$40
- Total Maximum Out of Pocket will increase to \$8,550/\$17,100
- ALL OTHER BENEFITS REMAIN THE SAME
- NO CHANGES TO THE PRESCRIPTION PLAN
- 2. If you are making any changes to your benefits for 2021 (such as adding or dropping dependents), please complete a Highmark Enrollment/Change form (available from Administrative Office).
- 3. A copy of the 2021 Highmark Benefit Summary is attached for your convenience.

Due to these changes, you will receive a new Medical/Rx card from Highmark for 2021. You should receive these new cards in approximately 2-3 weeks. If you do not receive new cards, please call Highmark Blue Shield at 1-800-345-3806. Your new ID cards are effective 1/1/2021. Please discard any old ID cards after this date.

Thank you.

This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's effective date. Contact your employer to determine the effective date applicable to your program.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.
- (3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health benefit.
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Coverage for eligible members to age 21. After initial analysis, services will be paid according to the benefit category (e.g. speech therapy). Treatment for autism spectrum disorders does not reduce visit/day limits.
- (6) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (7) Be sure your provider is aware that Highmark Utilization Management must be contacted for authorization prior to a planned inpatient admission or within 48 hours of an emergency or unplanned inpatient admission. Also note that certain outpatient procedures require prior authorization. If authorization is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate you will be responsible for the payment of any costs not covered by your health plan.
- (8) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. Your program includes coverage for both formulary and non-formularly drugs at the copayment or coinsurance amounts listed above. Under the soft mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand-drug copayment plus the difference in cost between the brand and generic drugs, unless your doctor requests that the brand drug be dispensed. Your plan requires that you use Alliance Rx Walgreens Prime specially pharmacy to obtain select specialty medications. To obtain medications for hemophilia, you must use a specific pharmacy, please contact member services for more details.
